this is the second volume of the publication series of the israeli sociological society whose object is to identify and clarify the major themes that occupy social
 research in israel today studies of israeli society gathers together the best of israeli social science investigation which was previously scattered in a large variety
 of international jour nals each book in the series is in troduced by integrative essays the contents of volume two focus on the sociology of a unique israeli social
 institution the kibbutz kib butz society constitutes an impor tant laboratory for the investigation of a variety of problems that have been of perennial concern to
 the social sciences topics in this volume include relevant contem porary issues such as the dynamics of social stratification in a classless society the function
 and status of the family in a revolutionary society relations between generations industrializa tion in advanced rural communities and collective economies
 versus the outside world the questions of the concept and development of the kib butz social differentiation and socialization and work and produc tion within

the kibbutz possess a significance far beyond their immediate social context does the kibbutz offer a model for an alternative communal lifestyle for the modern world how has the kibbutz changed over the past decades within the context of a rapidly modernizing Israeli society emphasizing the nonfailure of the kibbutz experiment and contrasting it with many socialist cooperative and communal experiments that clearly did fail Martin Buber in his analysis attributes this success to the kibbutz's undogmatic character its ability to adapt structures and institutions to changing conditions while preserving its essential values and ideals this volume presents an excellent review of the social research undertaken on the kibbutz in the past decades and provides an introduction to the growing scientific literature on the kibbutz contributors Melford E.
